Yearbook Staff

Working on this year's Hilltopper has been a lot of hard work and a lot of difficult decisions mixed with a lot of fun. We hope you enjoy the way that we have captured some of the greatest moments of the 2003-2004 school year. May this be one of the best years you remember!

High School

Still Having FUN

Classes get harder and teachers get tougher but they are

High school life is very different from middle school life as many students now know. Classes get harder and teachers get tougher, but high school students still have fun hanging out with friends. Out of all the activities to do in high school, sports and clubs are among the favorites. Even between all the events the teachers put together; the dances and the field trips; everyone is still here to learn and succeed in order to go onto something bigger and better. The next few years TCHA's first group of high school students have together will be the best and most productive years yet. Good luck to all of the high school students. You are all almost there!

High school students were invited to come after school and shake their tail feathers in preparation for the annual Peyback Classic.

Chowing Down at Lunch and a Good Heart

Tenth graders Emily Woodcock and Jamie Hayes chow down on the lunch special. Lunch was one of the few times that students were able to socialize freely.

Devin Carrillo

Best Personality

"[People like me] because I'm just a good guy, and I have a good heart."

10th Grade

Personal Lessons, Medical School, and Paris

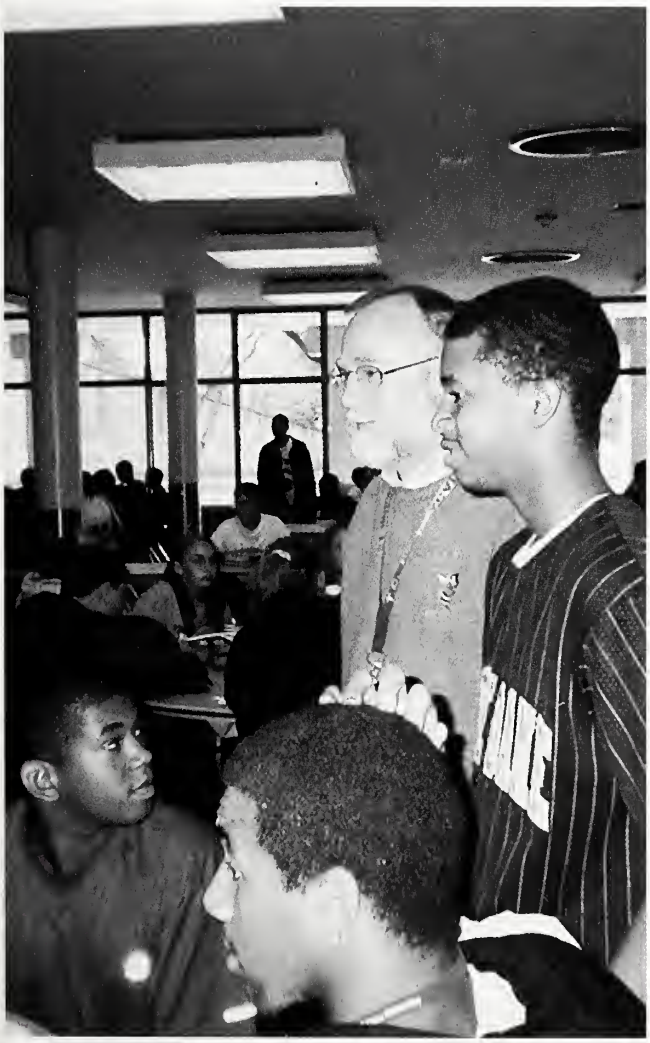

Mr. Simmonds gives tenth grader Roy McMahan a personal lesson in chemistry. Mr. Simmonds' personality and teaching style gave chemistry and physics an added appeal.

Kevin Cherry

Most Likely to Succeed

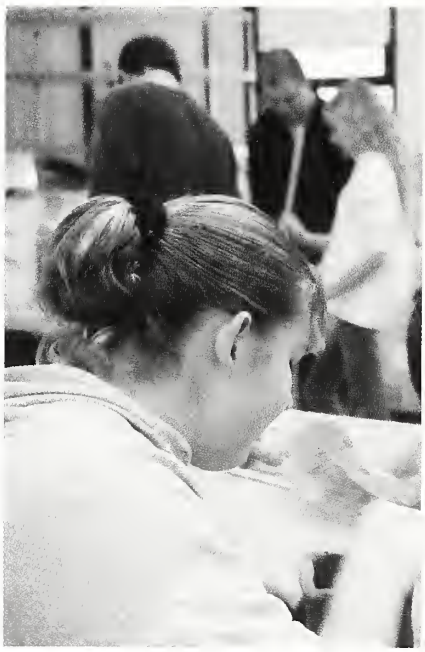

"Medical school might be in my distant future. I either want to be a surgeon or go to Paris and study fashion design."

Let's Come

All you boys rapping, trying to be cool.
You need to be rapping about
staying in school.
You like this flow right,
you think my rap is tight.

Well, I can rap all night.
Come see the light.
Well, I'm a teacher you see,
not a wanna be.
I worked hard for mine. Put in lots of time.

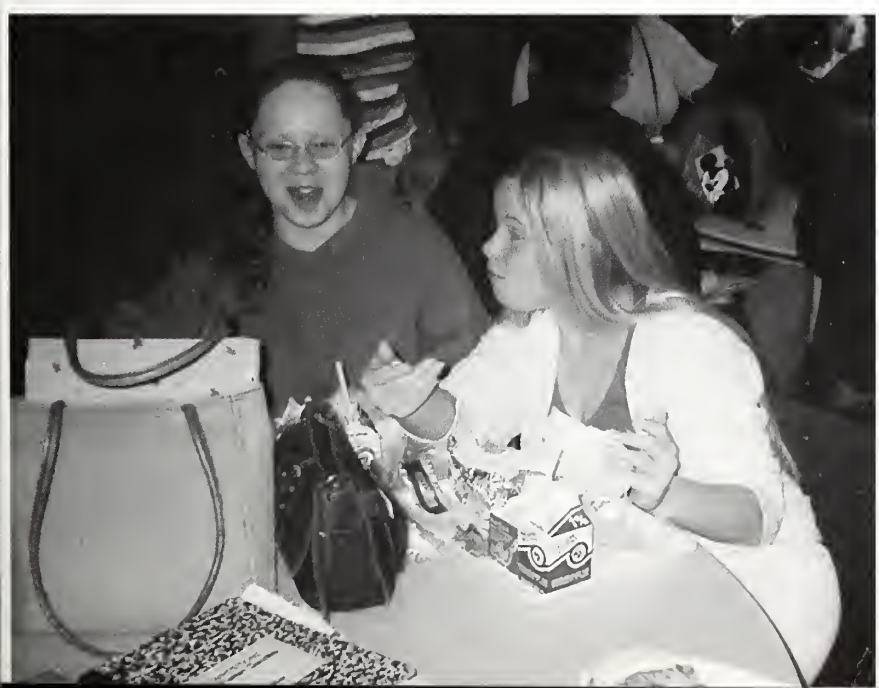

I'm in full effect, my life is not a wreck.
Gold on my neck.
Get a fat check.
I work everyday, trying to make a way.

Yet ya want to play.
Don't hear what I say.
So when you're old like me,
maybe then you'll see.
All I tried to do, was try to help you.

MIDDLE SCHOOL

A Crazy TIME

Changes all around make living through middle school

Middle school is a crazy time between elementary and high school. Remember feeling lost as a sixth grader when your new school seemed astronomically large? How about passing notes under teachers' noses to find out if that special someone liked you back? And then as an eighth grader, you knew it all, right? Middle school is a time of change and transition. You change from being a little kid into a teenager or from thinking members of the opposite gender have cooties to wanting to walk hand-in-hand down the hall with your significant other.

Middle school students sit patiently waiting for the pep rally for fall sports to begin. Students involved in fall sports were recognized as well as the middle school band.

Let's Come

Reach for success and try to be the best.
So learn what I teach
and maybe you will reach.
Up to the sky and there's no wonder why
because you did it right.

You knew school was tight.
So now this rap must end where it first began.
If you want to do,
you need to stay in school.

T.C. Howe can be the best if
all our students would pass the test.
So study hard and study long.
And never will we go wrong.
Our scores so high, you will see.

We'll go down in history.
As one that's better than all the rest.
The fattest school in IPS.

Clowning Around and Climbing the Corporate Ladder

Nick (Richard) Warren, seventh grader, is clowning around during an outting in Mr. Sefton's science class. The outting was designed to teach measuring with the metric system through hitting baseballs.

China King

Most Likely to Succeed

"Over the years, I hope to climb the corporate ladder to a CEO or partner position. Along the line, I hope to get married. When I turn 45, I will retire... [then] start my own business."

Let's Come

On the east side in brown and gold.
The greatest story ever told.
So go to class, don't hesitate,
you'll need a pass if you are late.

With pencil and paper ready to learn.
Your education,
your only concern.
And to all the teachers. A word to you.

Educate the children, we must do.
A job that's hard every day.
The only way,
we must pray.

From the windows
to the walls.
All for one
and one for all.

Faculty & Staff

Running a school takes more than meets the eye. It takes people who are willing to answer phones, cook, clean, listen to parents and students, teach, and make sure that every day at Howe is a safe and productive day. While some of these people were seen or recognized more often at T. C. H. A., all of them helped make the 2003-2004 school year a success.

T. C. Howe's Administrators: Mr. Wilson, Mr. Suggs, Dr. Williams, Dean Barlowe, Mr. Seybert, and Mr. Takacs, Principal

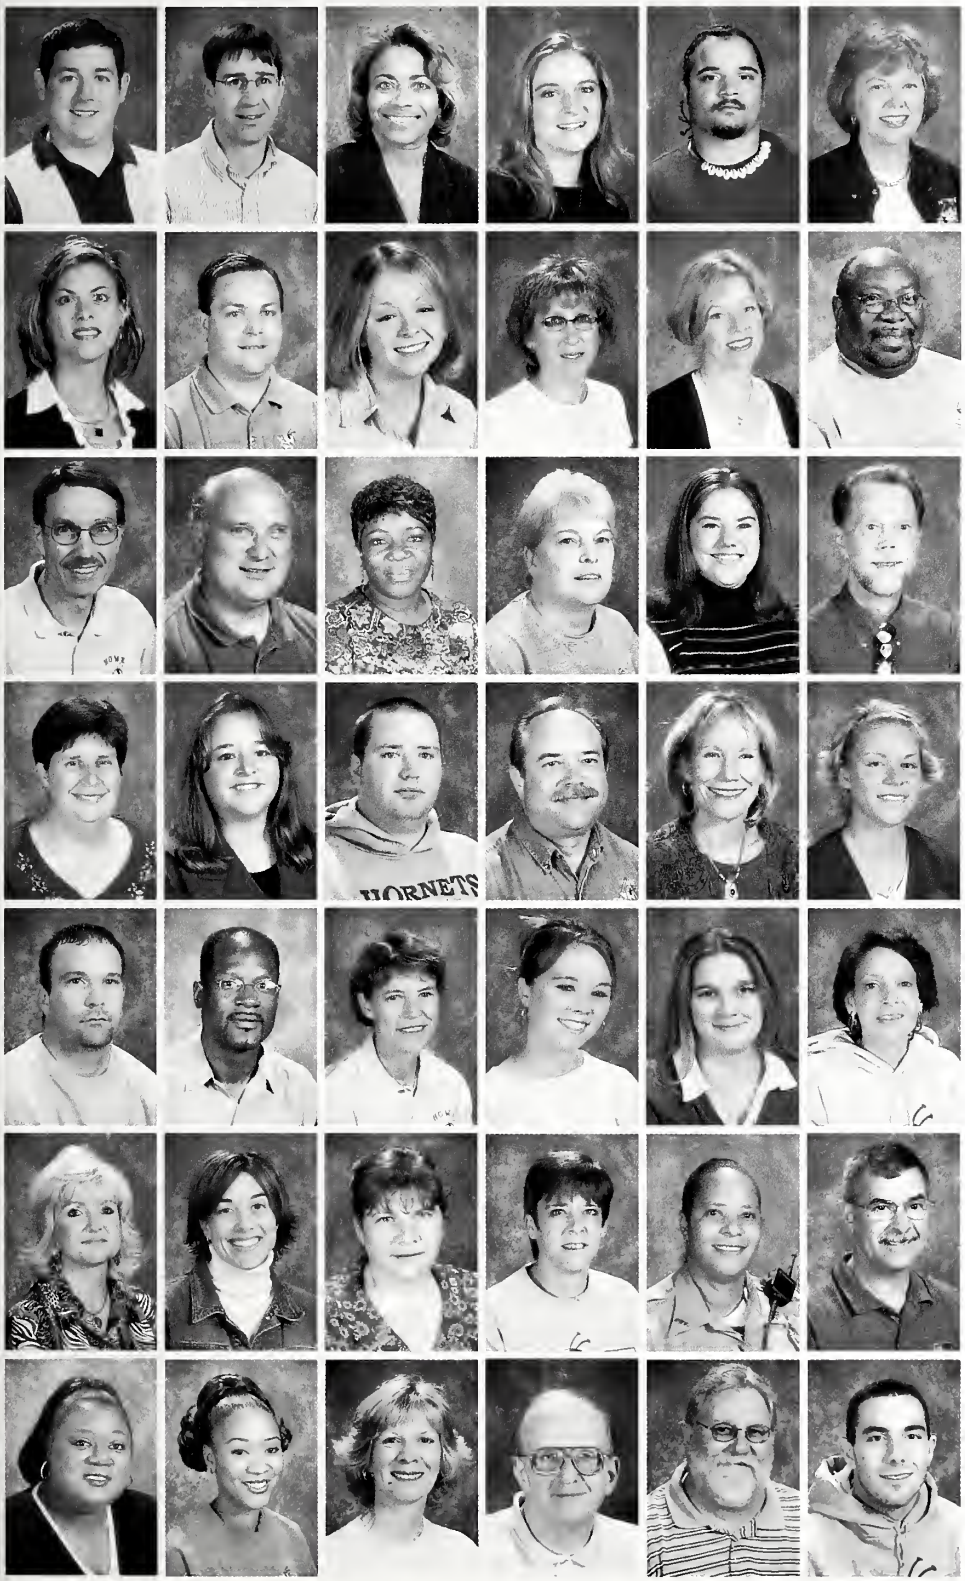

T. C. Howe's Guidance Office: Ms. Daugherty, Mr. Sirmin, Mrs. Bugbee, Mr. Cook, Ms. Maudlin, Ms. Lipschulz, and Mr. Walker

T. C. Howe's Office Staff: Mrs. Fee, Mrs. Garrett, Mrs. Powell, and Mrs. Patterson

Ms. Satterblom enjoys a quiet moment in her office away from the hustle and bustle of the gym.
